Abstracts capture the fluid movement of an artist's hand. Painted in gorgeous neutral and soft color palettes, neutral abstracts are adding depth and dimension to walls and products.

ABSTRACT

Abstract art will always be an important part of wall decor. Artists and interior designers are gushing over soft, ethereal abstracts that combine soft color palettes with transparent and watery compositions that add an elegant modern aesthetic to spaces.

NEW ARTIST

pamela munger

Pamela Munger grew up in southern California and now calls rural western Colorado home. The big sky, mountains and seasons are a constant inspiration for her. “Painting is a lifeline, combining creativity, solitude and limitless possibilities. I’m all about experimentation with paint, surfaces and subject matter. I like to keep it simple, avoiding detail and not giving away the whole story.”

PAMELA MUNGER

Pamela started painting as a creative outlet for her work as an English teacher, which soon grew to a passion. She paints with acrylics, using brushes and palette knives. Pamela and her husband co-own Misty Mountain Hop Farm and she paints full time. If she isn't enjoying the outdoors, you'll find her at her easel.

SHAPE *of* THINGS

Since the 1950s, Mid Century Modern design has been a staple for the home. But like all other design trends, it has changed over the years, Today's mid-mod spaces feature paired-down looks and a youthful, updated take on this popular trend.

Geometric patterns and shapes are playfully combined in art. Look for circles and rounded shapes in updated color stories to add depth and dimension to walls.

Earth Tones

This season, earthy tones of muted organic greens, reds, ochre and greys are helping to create a cozy space in the home. An ideal fit for neutral interiors, these colors are a perfect midpoint between pretty pastels and bright jewel tones, making them easily adapted by those who like to play with color, but keep it safe.

With travel on hold, we're all dreaming of faraway spaces. If we can't get there in person, the next best thing is art.

Modern landscapes are creating magical windows where we can escape the everyday and dream of wide-open spaces where anything is possible.

Straight from the catwalk, big jungle cats are all the rage in 2021. From charming cushions to dramatic wallpaper, designers are wild for tigers, leopards and cheetahs this season.
