roots & boots

It's just like Garth Brooks said ... "Blame it all on my roots, I showed up in boots."

According to Vogue UK, cowboy boots are the standout footwear trend for 2022. That same trend is crossing over into home decor with designers creating fun and whimsical collections of southwest inspired cowboy boot art and products for just about every category in the home.

JULIA PURINTON

**julia
purinton**

Artist and muralist Julia Purinton divides her time between urban Washington, DC and a small rural village in Vermont. Both places provide plenty of material for her evocative landscapes and cityscapes. Working in oils, acrylics, venetian plaster and glaze, Julia's artwork has the luminous glow and vintage romance of images by artists who influence her: William Turner, John Singer Sargent and the Brandywine River School painters. Many layers of glaze create the atmospheric moods of her landscapes. Her work is found in galleries in New England.
