LESLIE

TRIMBACH

Leslie Trimbach has always had a creative need to draw and paint. Growing up embraced in a creative and encouraging atmosphere, she learned to explore her talents and use a variety of different art mediums. At the age of 8 she began watercolor classes with Master Artist, Roger Haas and later received her Fine Art Degree from the University of Dayton.

Her artistic career includes creating and producing top-selling home decor products as well as gift, wall art and tabletop. Today, working from her home studio, she loves to experiment and see how she can push the limits to see what combination of tools and images she can use together to get a different outcome. "I rely on my fine art foundation and drawing skills as a base, then make it contemporary and current using techniques and technology. I will never stop creating, learning and growing as an artist!"

Leslie Trimbach

“

“Over the years I have experimented with every medium possible, and while I still occasionally paint with oils or draw with colored pencils, my love of watercolor remains. I love the versatility, translucent colors and the unpredictable magic of watercolor.”

JULIA
PURINTON

Artist and muralist Julia Purinton divides her time between urban Washington, DC and a small rural village in Vermont. Both places provide plenty of material for her evocative landscapes and cityscapes. Working in oils, acrylics, venetian plaster and glaze, Julia's artwork has the luminous glow and vintage romance of images by artists who influence her: William Turner, John Singer Sargent and the Brandywine River School painters. Many layers of glaze create the atmospheric moods of her landscapes. Her work is found in galleries in New England.

KATRINA
PETE

Katrina Pete's artwork is a collection of inspired mementoes from her garden, woodland walks, and outdoor adventures with her family. Painting since childhood, she loves incorporating natural elements and light into her watercolor paintings. Her beautiful collections are created with a loose technique that allows the paint to do what it does best, flow and bloom and fade into other colors on the page.
