Shirley Novak is wild about poppies. She loves to paint them, to grow them and to share them with her fellow gardeners. Her childhood passions were growing, drawing and painting flowers, which she continues to do at her Colorado studio. Shirley paints in oils using a wet-on-wet technique. She paints plein air whenever possible, either in her garden or on location when she travels.

ESCALANTE

Omar Escalante's art style is influenced by pop art and Art Deco style. "I like to tell stories through my illustrations," he says "Especially when I travel, I like to look for the feeling of places and show it through my work." When he began to create artwork based on vintage travel posters, the theme became his passion. In 2017 he won a travel poster contest promoting travel to Finland, where he lives with family. Omar grew up in Guatemala and has lived in Finland since 2007. His multicultural family (where five different languages might be spoken on any given day) also inspires and influences him in making his art.

The Iconic Legacy of Cheri Blum:

Mastering Simplicity and Grace in Art

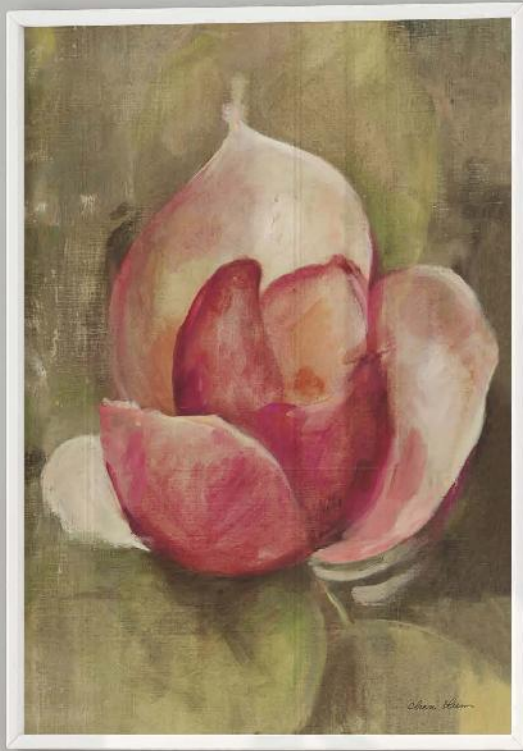

In her luminous yet fleeting career, Cheri Blum left an indelible mark on the art world with over 400 original masterpieces. Nestled in the tranquil embrace of Maryland's Chesapeake Bay region, Cheri found inspiration in the coastal calm, weaving its serene beauty into the tapestry of her decorative art.

Cheri had a deep appreciation for objects that whispered tales of the past, carrying a sense of age and history. This reverence for the old and timeless was masterfully translated into her paintings, where she skillfully imbued them with a patina of antiquity. Her art was a celebration of simplicity and grace, with shapes that exuded a timeless quality and a restful feeling.

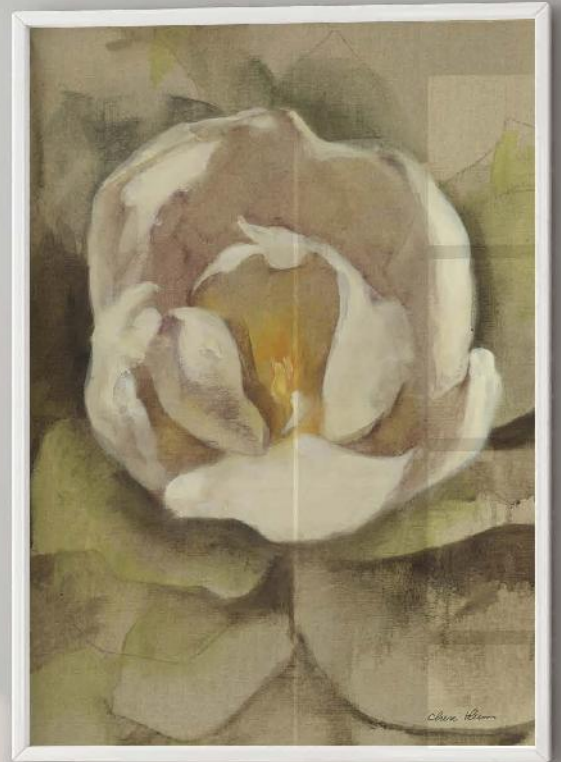

Cheri Blum

The ease and tranquility that Cheri's work evoked made her paintings more than just art; they became companions in everyday life, offering a gentle reminder of the beauty in simplicity and the peace that comes from history's gentle embrace.
